DARWIN TULIP

"Kellogg's Glory"

We are indeed proud to introduce this new Hybrid Darwin Tulip to our customers. It is a Netherlands origination, being the product of one of the leading bulb growers at Lisse, Holland. We are honored to have it named for our company. A magnificent beauty — we believe it is destined to become one of the leading Tulips of our time.

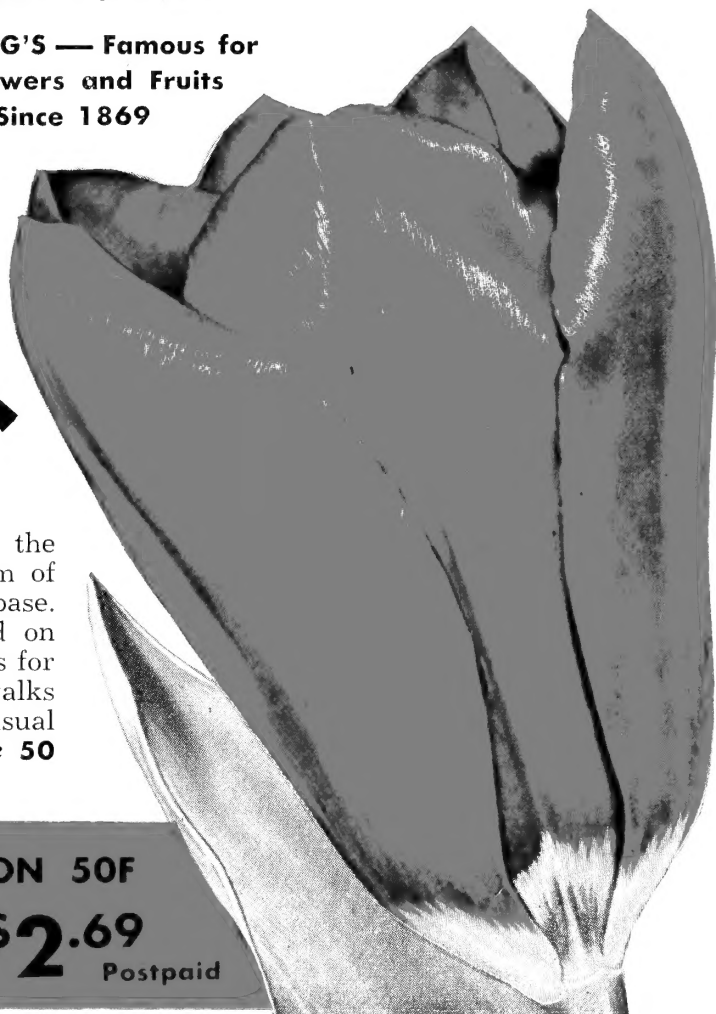

"Kellogg's Glory" is a very large flower of vibrant scarlet red with a yellow base; it is of strong substance and pure Darwin form. A robust grower, producing strong stems about 25 to 30 inches tall. A mass planting of this gorgeous Tulip in beds or border will create a dramatic display of color in your early spring garden. **These bulbs are large size, 11-12 cm. and up, 50c each; 3 for \$1.39; 6 for \$2.49; 12 for \$3.69, postpaid.**

WORLD'S
LARGEST
TULIP —

RED Emperor

This is the most popular Tulip in existence. One of the largest and earliest of all Tulips. It produces a bloom of dazzling vermilion scarlet-red with black and yellow base. The blooms open to 9 inches across and are carried on strong stems 15 inches tall. Plant them by the hundreds for spectacular effects, — in beds or borders; for outlining walks or driveways. Wherever planted, they will create unusual excitement. **5 for 98c; 10 for \$1.89; 25 for \$4.49; 50 for \$8.49; 100 for \$15.95, postpaid.**

WHY YOU SHOULD BUY FROM R. M. KELLOGG COMPANY

Because you can be sure of getting the very best nursery stock grown — AND FULL VALUE FOR YOUR DOLLAR.

We have been growing and selling only *first class* nursery stock for 88 years. Our nursery was founded in 1869 by R. M. Kellogg, whose name we are still proud to carry.

A Record of Which We Can Be Proud

Soon after its founding, R. M. Kellogg Company became the world's largest grower of Strawberry Plants, shipping all over the world. In 1915 Kellogg's introduced the *Premier*, which became the country's leading Strawberry. It is still a leading variety.

In 1935 the first *Azaleamum* (R) was introduced by Kellogg's and exhibited at the Chicago World's Fair. Since then, we have grown and shipped millions of these beautiful plants to every state in the nation and to countries all over the world. *Azaleamums* (R) are a registered trade marked plant, grown only by Kellogg's.

A very recent introduction is our new Darwin Hybrid Tulip "Kellogg's Glory," named for our company by one of the leading bulb growers in Lisse, Holland. It is a magnificent beauty, which we believe is destined to become one of the leading Tulips of our time.

Our newest and latest introduction is an outstanding new Strawberry plant named Kay-Ten. This outstanding Strawberry produces huge, beautiful, sweet, red fruit and bears abundantly in June on strong healthy plants. For description and prices please read page 7.

We, here at Kellogg's, are constantly striving to find and develop new and better varieties to offer our customers. Our trial grounds are full of new, exciting varieties which we hope to introduce in the near future. Be sure to watch for them in our catalogs.

MINIATURE ROSES

The free-blooming Miniature Roses are ideal for flower arrangements, table decorations and corsages. In fact, they are so attractive for both garden and home, you should consider planting as many of them as you can possibly find space for. Write for special quotation on 25 or more.

All Miniature Roses, except where noted,
\$1.35 each; 3 or more, \$1.20 each, postpaid.

CINDERELLA

(Plant Pat. 1051) Creamy-white, sometimes tinged cameo-pink, especially in the center. It has about 50 velvety petals, arranged in the perfect form of a Hybrid Tea.

MIDGET

(Plant Pat. 466) Just as the name implies, this is a tiny bud — no larger than a grain of wheat, opening to a flower only 3/4-inch across. Bright pink to deep rose in color. Very lovely and slightly fragrant. Perfect in every detail.

PIXIE

(Plant Pat. 408) The world's smallest double white Rose. It shows pink shadings in cool weather. Fully double, with 40 or more tiny petals in each bloom.

RED IMP

(Plant Pat. 1032). Deep rich crimson, very double flowers with petals packed solidly to the center and opening very flat. One of the showiest Miniatures.

ROBIN

(Plant Pat. App. For) Rich deep red. Tiny cone-shaped buds unfold into flat, very double blooms, 1 1/4 inches across, with 60 to 70 little petals. \$1.65 each; 3 or more, \$1.50 each, postpaid.

A BARGAIN IN BEAUTY

Giant Daffodils

FOR THE GARDEN IN SPRING
FOR INDOORS IN WINTER

Gayest Heralds of Spring!

Who has not thrilled to the sight of a bed of these delightful flowers in full bloom during early spring. Their "bright-as-sunshine" colors light up the whole landscape, at a season when color is so welcome.

Easy to Grow — Require No Care

Daffodils are easiest of all flowers to grow and will thrive year after year with little or no care. They naturalize or multiply with amazing rapidity, doubling in number each year. In addition to the beauty they bring to the spring garden, they provide a wealth of lovely, long-lasting blooms for bouquets and indoor decorations.

KING ALFRED

Giant Yellow Trumpet

WORLD'S MOST POPULAR DAFFODIL

A king among the fine varieties. A magnificent daffodil of a rich, lustrous golden-yellow throughout. The extended trumpet measures 2½ inches in diameter, the perianth proportionately large, and segments gracefully twisted and frilled. King Alfred has all the qualities of a truly great daffodil — very large, beautifully formed flowers of excellent substance; tall, strong stems; extremely vigorous growth habit. It is the most popular and most widely used variety for forcing. One of the earliest to bloom. Very dependable and sturdy; it takes coldest weather in stride. A remarkable variety that is destined to remain a leader in its class for some time to come.

SPRING GLORY-Trumpet

A very fine bi-color, or two-tone trumpet. Well formed white perianth, clear yellow trumpet. The flowers are held well above the fine foliage; strong growing and always free blooming. Outstanding in every way both in the garden and as a flower for cutting.

5 for \$1.09; 10 for \$2.09; 25 for \$4.95;
50 for \$9.49; 100 for \$17.95.

MOUNT HOOD-Trumpet

A magnificent pure white Daffodil. The flower is of excellent form, with pure ivory-white petals and large creamy white trumpet which changes to pure white when in full bloom. Heavily flanged at mouth. It is strong in stem and flower has fine substance. It flowers freely, looks good in the garden, and makes a fine cutting flower.

Each 30c; 5 for \$1.39; 10 for \$2.69;
25 for \$6.49; 50 for \$11.95.

MRS. R. O. BACKHOUSE-Trumpet

This is the famous "pink daffodil." While many new pink crosses have appeared, this long cupped favorite retains its popularity, and is, in our opinion, still the best of all the pinks. This delicately beautiful Daffodil has an informal ivory-white perianth and is beautifully proportioned. It has a deeply fringed trumpet which opens citron-yellow, changing to apricot pink making it an exceptional beauty. Delicately beautiful but of exceptional substance; long lasting, and blooms early. Belongs in every collection.

Each 30c; 5 for \$1.39; 10 for \$2.69;
25 for \$6.49; 50 for \$11.95.

Fragrant & Delightful **HYACINTHS** For Outdoor Bedding

The great popularity of Hyacinths is due, in part, to their earliness. They are among the first flowers to appear in the Spring. Added to this, their bright, crystal clear colors, their beauty of form, and delightful fragrance makes them a "must" in every garden. Plant them 4 inches deep—in clusters—along borders—or in solid beds. Wherever planted their scent will permeate your garden, their beauty steal your heart. Try a few in pots, too. They force easily. We have selected the best varieties in each color.

CITY OF HAARLEM. One of the best yellows. Beautiful large, well-formed trusses of pale yellow bells. Of fine form and substance.

LADY DERBY. Very pleasing shade of clear, bright salmon pink, bearing perfect broad spikes on strong erect stems. Early.

LA VICTOIRE. Brilliant, shiny carmine-red with large, well-filled spikes. One of the very finest red varieties for bedding and forcing. It retains its superb color to the end.

L'INNOCENCE. The most satisfactory all-around pure white. Produces large, compact trusses on strong stem with large bells of great substance. Does well anywhere.

KING OF THE BLUES. A rich indigo-blue. The large deep blue bells of perfect form are carried on stiff stems. One of the best in its color.

QUEEN OF THE BLUES. A clear azure-blue variety. One of the finest of the light blues. Large, compact spike of medium-sized bells. Excellent variety for pot culture as well as bedding.

FORCING **Giant Hyacinth Bulbs** with GLASS

Have you ever grown a gorgeous, big, richly scented Hyacinth indoors in winter? If not, you will be delighted to see how easy it is to do. You will need one of our exhibition-size bulbs and a Hyacinth glass. Before placing the bulb on the Hyacinth glass the rootbase and rootplate must be cleaned, so that all remains of the old rootplate and old roots are removed. When glass and bulb are clean, place the bulb in the top of the glass and fill the glass with clean, cool water until the rootbase is touched. The glass is then to be placed in a cool, dark room until the top-growth is 4" above the bulb. Preferred temperature not over 50° F. When 4" top-growth has been made, the glass may be taken to a window in a warm room and if necessary, some water can be added; never change the water completely. If the air in the room is very dry, it may help to moisten the flowerbuds once a day with a wad of cotton dipped in cool water. Every day you can see it swell—then the color will show—and in a little while you will have a glorious big flower spike.

RAINBOW IRIS

(JAPANESE IRIS)

The Most Showy of All Iris Species

BETTY F. HOLMES. A huge early single, well-formed and nicely proportioned. The large size blooms are of a most striking white. An outstanding variety.

BLUE RIVER. A tall and very well-proportioned large Iris of rich uniform blue. A good grower, and will make a glorious display in the garden.

CITY OF DREAMS. A large, vigorous growing and free blooming Iris of deep purple touched with a throat of yellow.

GOLD BOUND. Wonderfully well formed double blooms of pure white with a creamy golden band in the center.

HIAWATHA. Vividly brilliant and effective. A charming dark purple to reddish touched with a throat of yellow. Almost identical to City of Dreams except reddish tint.

PATROCLE. A novelty in color effect; violet in color, lighter in center and yellow markings in the throat. Large, of ideal shape and a fine grower.

JEANETTE PERRY. A huge dainty single white with lightly veined petunia-violet falls. Rather dwarf.

MARGARET HENDERICKSON. Magnificent double to triple flowers of medium blue. One of the largest and finest medium blue tones.

REINE HELENE. A very handsome deep, rich blue-purple self, of uniform color throughout. Very popular.

ROSE ANNA. A good double that is rosy-lavender sharply veined deep purple. Large flowers of velvety substance.

Aristocrat of the Garden **SHOWY PEONIES**

An Abundance of Beautiful, Fragrant Flowers

Peonies make a beautiful show in your garden in late May and early June. They are an ideal flower to plant where you want a large showy place in your yard or garden. Easy to grow, requiring very little care. Peonies are ideal cut flowers for Memorial Day and for June weddings.

SARAH BERNHARDT

Very large, perfectly formed appleblossom-pink flowers of semi-rose type. Flowers are compact and very fragrant carried on tall, graceful stems. Very free flowering in midseason. This is the ideal pink cut flower Peony. A splendid performer in every garden.

WALTER FAXON

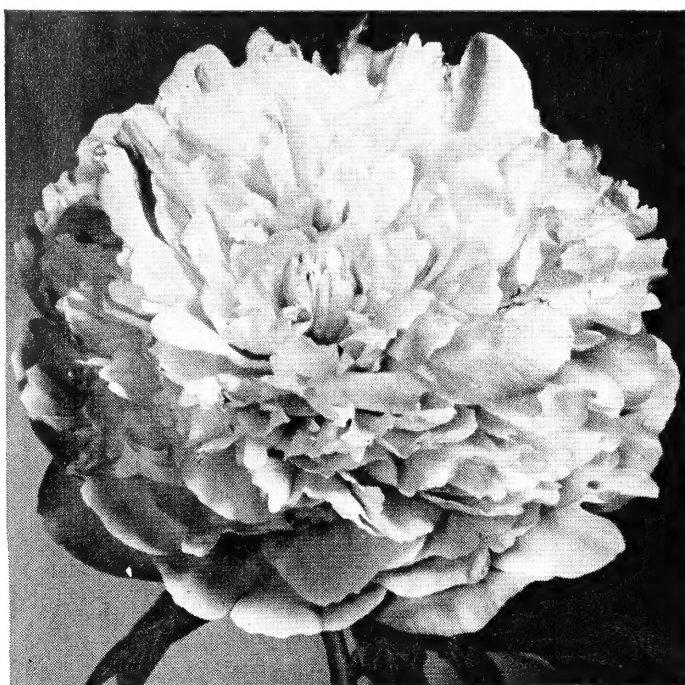

The most vivid of all pinks, the only "real pink" as someone has said. A remarkable flower, at its best in the show room. The flowers are of medium size, attractive in form, and mildly fragrant. Excellent plant with glossy foliage. Tall, free bloomer. An extra fine Peony.

DUCHESS de NEMOURS

An early sulphur-white with shadings of canary-yellow at the base of the petals, without any trace of crimson on the petals. The plant is medium tall, with strong stems and excellent foliage. Free flowering.

Prices for above varieties:

**\$1.00 each; 3 for \$2.85; 6 for \$5.40;
12 for \$9.95, postpaid.**

Sarah Bernhardt Peony

LAURA DESSERT

The flower is round, a rose type with guard petals creamy white, enclosing a domelike center of pure canary-yellow. The plant is an upright grower, holding blossoms erect for good landscape value. Like all yellows, it must be developed inside away from the sun to preserve its color. Early midseason.

EDULIS SUPERBA

This is a good early deep pink, sometimes opening for Decoration Day. The flowers are large, borne profusely on tall, strong stems. A loose, crown type flower, of a beautiful deep pink. One of the greatest of all cut flowers in its color and season. An excellent flower for its earliness and general good qualities.

BARONESS SCHROEDER

Rose type: late. White with shadings of flesh. This is one of the finest Peonies. Its immense flowers of great substance with high chalice-shaped center are freely produced, lasting a long time. Its all around good qualities make it a very desirable variety. Pleasingly fragrant.

SOLANGE

Flowers very large, compact; rose type, outer petals delicate waxy white, deepening toward the center with shades of orange and golden brown. One of the most beautiful Peonies in existence; a strong grower and a late, free bloomer.

RACHEL

Early bright red, held high on one of the strongest stems in the field. The dark green foliage is clean and the plant has always been healthy. The flower is fully double with a few hidden stamens. Rachel is tops as a cut flower and in the show room. An excellent variety.

Price for above varieties:

**\$1.00 each; 3 for \$2.85; 6 for \$5.40;
12 for \$9.95, postpaid.**

BLUETTE. Rich, light purple florets are large and form compact, immense, well-formed trusses. Blooms over a long period and the flowers are long lasting, making this an outstanding variety in the garden and for cutting.

PINKETTE. The large florets are soft, delicate pink and very lovely. The flowers heads are very large and compact. Considered one of the loveliest of all Phlox.

PURPLE HEART. The color is a brilliant shade of deep blue-purple, intensified by a darker center and given sparkle by the dainty cream-colored anthers. Individual flowers are large and are carried in good-sized trusses.

SALMON GLOW. Lively flame-pink with salmon shades, softened with lilac and white tints at the center, giving the effect of rich salmon color. Tall, straight stems. Very free blooming.

SAN ANTONIO. Immense heads of deep, non-fading blood-red. Produces compact, well-formed trusses on strong stems. Grows 2½ to 3 feet tall. Unusually prolific in bloom. This is an outstanding Phlox from every standpoint.

SIR JOHN FALSTAFF. A giant among Phlox — produces massive flower trusses on a robust plant, 24 to 36 inches tall. The color is a rich luminous salmon-pink. Makes a splendid showing in the border.

WORLD PEACE. Pure white flowers of unusually large size. Without doubt one of the best white Phlox. A good grower with clean foliage. Very free flowering. It combines beautifully with all colors and should be planted in quantities to achieve varied effects.

KELLOGG'S GIANT PACIFIC HYBRID

DELPHINIUM

THE KING OF ALL PERENNIALS

The glorious Delphinium dominates the summer garden. Because of its height (to about 4 feet), it needs to be planted as a background for the perennial border. Plants should be set at least 1½ to 2 feet apart to allow good air circulation; give them water during extra-dry spells.

The Pacific Hybrid Strain produces perfect spikes of tightly set florets, ideal for cutting, which are non-shattering and mildew-resistant. Colors range from white to blue, pink and lavender; some have white bees and others black. Plants set out in the spring will have some flowers by September and will bloom heavily the next June. Our plants are grown from some of the finest hybrid seed obtainable.

PACIFIC HYBRIDS

ASTOLAT SERIES. Tints of blush-pink, rose and lilac with fawn and black bees.

BLACK KNIGHT SERIES. Deep midnight-violet, the darkest of all.

BLUEBIRD SERIES. Clear medium blue with white bee. Extra-tall spikes.

BLUE JAY SERIES. Medium to dark blue with black bee. Very beautiful.

CAMELIARD SERIES. Pure lavender self with white bee. Combines well with other colors.

GALAHAD SERIES. Giant white flowers with white bee. Very tall spike.

GUINEVERE SERIES. Light pink-lavender with white bee. Very large individual flowers.

KING ARTHUR SERIES. Brilliant royal purple of velvety texture, with large white bee.

SUMMER SKIES SERIES. Clear light blue with white bee.

ROUND TABLE SERIES. Excellent Pacific Hybrid mixture.

3 of one variety for \$1.35; 6 for \$2.39; 12 for \$4.39, postpaid.

BELLAMOSUM

Rich dark blue spikes of bloom are produced in June. Grows 3 to 4 feet tall. Excellent for cutting. One of the loveliest of early blue flowers. Very compact, graceful spikes.

BELLADONNA

Beautiful sky-blue flowers with white center. Slender, loose, much-branched spikes. Grows 3 feet tall. Blooms freely in June. A great favorite for cutting.

WREXHAM

(Hollyhock Delphinium) Very long, tapering, spire-like spikes. Rich and varied tints. Blooms over a long period.

Flowering Almond

FLOWERING ALMOND

A graceful shrub, growing 4 to 6 feet tall and forming a compact, somewhat rounded bush. Bears a profusion of tiny pink, double flowers in early spring, just as the leaves begin to appear. Hardy in all sections of the country. Easy to grow; thrives in full sun or partial shade.

The flowering shrubs have many uses in the landscape plan. They make a beautiful lawn specimen and can be equally effective when used in the foundation planting or color accent, or among other plants in the shrub border. Branches may be cut during the blooming period and immediately after; do not prune in the fall. 18-24 in. size, \$1.29 each; 3 for \$3.69; 6 for \$7.29; 12 for \$13.95.

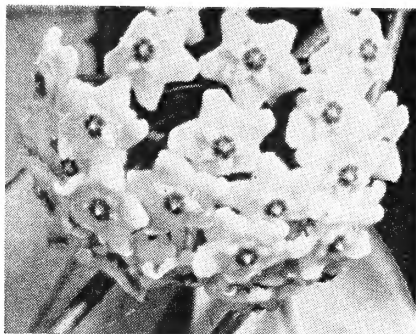

• 13 • Crimson King Maple

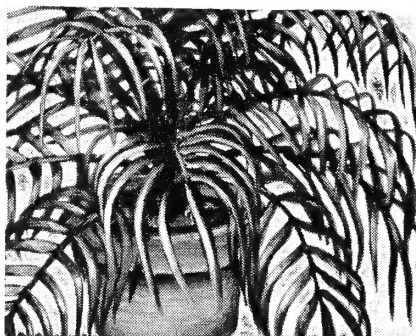

CRIMSON KING MAPLE

Plant Pat. 736. One of the most spectacular of the ornamental trees. The brilliantly colored foliage is a deep purple red in spring and this rich coloring is retained all through summer and fall. It provides an interesting contrast to the green of other trees and shrubs.

Crimson King is a sport of the well-known Norway Maple. It is rapid-growing and perfectly hardy; does well in all locations. An excellent tree for city planting; it is not harmed by smoke, dust or gases. A superb tree for drive-ways, tree lawns and single specimens. Mature height about 60 feet. 6 to 7-ft. size, \$5.95 each; 2 for \$11.60.

Fascinating New Carnation-Type AZALEAMUMS

FRIVOLOUS MAID

New 1958 Introduction. One of the finest carnation-type Azaleamums we have been able to produce to date. The petals are a deep reddish bronze, with a tint of yellow on the outer edges, giving this new introduction a marvelous contrast of color. The plant grows to about 15 inches in height, and with a spread of 15 to 18 inches. Hardy, healthy and long lived. It makes a perfect mound of bloom, which completely covers the plant. **\$1.25 each; 3 for \$3.45; 6 for \$6.30; 12 for \$11.40, postpaid.**

CARNATION QUEEN

A gorgeous plant covered with flowers in shades of rose-pink, deeper at the edges and lighter at the base of the petals. The beautiful golden yellow center blends harmoniously with the outer petals, which are deeply cut. Carnation Queen grows about 18 inches tall, with a 15 to 18-inch spread. **\$1.00 each; 3 for \$2.85; 6 for \$5.40; 12 for \$9.95, postpaid.**

SNOW FAIRY

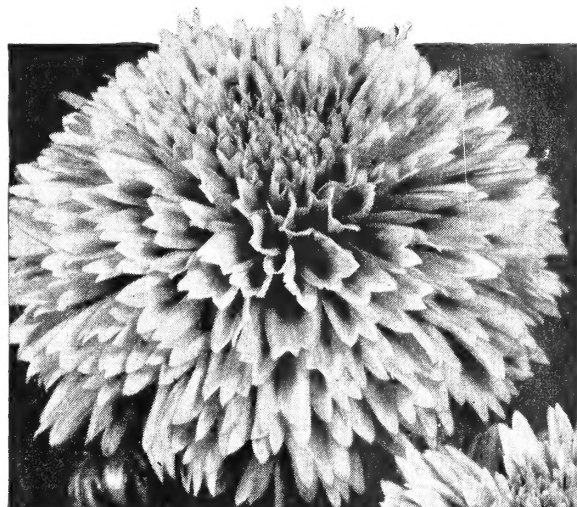

Our choice of all the white Azaleamums we have hybridized. It produces an abundance of carnation-type, very full-petaled flowers with a very small golden eye. Snow Fairy is excellent for cutting and blends well with the other carnation-type Azaleamums. Grows 18 to 20 inches tall. **\$1.00 each; 3 for \$2.85; 6 for \$5.40; 12 for \$9.95, postpaid.**

CARNATION ROSE

Plant Pat. 660. Carnation Rose definitely is in the novelty class, with its carnation-type blooms. The flowers are a little smaller and very double and compact, resembling the petals of a carnation. The color is deep pink with lighter shades on the outer petals. Grows 18 inches tall. **\$1.00 each; 3 for \$2.85; 6 for \$5.40; 12 for \$9.95, postpaid.**

POT-OF-GOLD

The rich golden yellow flowers of Pot-of-Gold make a show wherever grown. The strong, 18-inch plant will produce plentiful bloom the first year and double that amount the second year. The flowers are packed with short petals, making the plant look like a ball of gold when in full bloom. **\$1.00 each; 3 for \$2.85; 6 for \$5.40; 12 for \$9.95, postpaid.**

Kellogg's Azaleamum Test Garden

Our Test Garden

In our Azaleamum Test Garden, shown here, we grow several new varieties each year. From them we select the finest representatives, which will eventually be offered for sale through our catalog. Only after being observed over a two-year period by our plant specialists is a new Azaleamum chosen as a potential novelty to be offered to our customers. Our reputation as growers of the highest grade hardy garden Mums has been earned gradually through the years, and we believe the only way we can keep it is through meticulous testing of every new variety.

IMPORTANT

The word Azaleamum is our trade-mark and must not be used by any other firm or individual, except to identify Azaleamum plants produced by the R. M. Kellogg Company or its duly authorized licensees.

Delicate two-tone effect. The color is a soft lavender, shading to pink and white, with rich yellow center. Flowers are of medium size, with rounded petal tips. Grows to about 12 inches.

WITCHES GOLD

Masses and masses of showy, rich golden yellow flowers, somewhat shaggy in form, with broad petals. In the clear bright sunlight they shine like a gold-piece. Grows about 18 inches tall and 30 inches wide.

RED WITCH

Deep glowing burgundy-red, a favorite color, with a touch of gold at the center of the flower. Blooms are very plentiful and actually overlap on the plant. A bushy grower about 18 inches in height.

HONEY CHILE

Plant Pat. 871. Masses of 1½-in., very rich magnolia-pur flowers, giving the effect of dark pink. Holds color very well. A low compact grower, about 12 inches high; early blooming.
